This is the settings overview for **GD > Settings > Claim Listings > Settings**.

You need to have the [Claim Listings](#) extension installed and activated to access these settings.

## Claim Listing Options

- **Auto Approve via Email Verification?** – If checked, business owners will receive an email verification link upon submission of a listing claim. Once verified, the claim will be automatically approved.
- **Auto Approve on Payment Received?** – If your directory has “Pay to Claim” system and this option is checked, listing claims will be auto approved after payment is received.

You will need to install and activate the [Pricing Manager](#) extension in order to use the “**Auto Approve on Payment Received**” feature.
